Effective with recodification, 2001, this chapter is being retitled, "Zoning Code." These provisions were previously titled as, "Title 18 Zoning and Annexation."

18.01 INTRODUCTION.

(1) AUTHORITY. These regulations are adopted under the authority granted by §§61.35 and 62.23(7), Wis. Stats. Therefore, the Village Board of Brownsville, Wisconsin, do ordain as follows:

(2) PURPOSE. The purpose of this Chapter is to promote the health, safety, morals, prosperity, aesthetics, and general welfare of this community.

(3) INTENT. It is the general intent of this Chapter to regulate and restrict the use and development of all structures, lands, and waters; to regulate and restrict lot coverage, population distribution and density, dredging and lagooning in shoreland areas, and the size and location of all structures, so as to: lessen congestion in, and promote the safety and efficiency of the streets and highways; secure safety from fire, flooding, panic, and other dangers; provide adequate light and air; prevent overcrowding; avoid undue population concentration; facilitate the adequate provision of public facilities and utilities; stabilize and protect property values; prevent water pollution; protect spawning grounds, fish and aquatic life and otherwise further the appropriate use of land and conservation of natural resources; preserve and promote the beauty of the community; and implement the community's comprehensive plan and plan components. It is further intended to provide for the administration and enforcement of this Chapter and to provide penalties for its violation.

(4) ABROGATION AND GREATER RESTRICTIONS. It is not intended by this Chapter to repeal, abrogate, annul, impair, or interfere with any existing easements, covenants, deed restrictions, agreements, Chapters, rules, regulations or permits previously adopted or issued pursuant to law. However, wherever this Chapter imposes greater restrictions, the provisions of this Chapter shall govern.

(5) INTERPRETATION. The provisions of this Chapter shall be interpreted and applied as minimum requirements, shall be liberally construed in favor of the Village, and shall not be deemed a limitation or repeal of any other power granted by the Wisconsin Statutes.

(6) SEVERABILITY. If any section, clause, provision, or portion of this Chapter is adjudged unconstitutional or invalid by a court of competent jurisdiction, such judgment shall not affect the remainder of this Chapter.

(7) REPEAL. All other Chapters or parts of Chapters of the Village inconsistent or conflicting with this Chapter, to the extent of the inconsistency only, are hereby repealed.

18.12 CONDITIONAL USES.

(1) PERMIT. The Plan Commission may authorize the Building Inspector to issue a Conditional Use Permit for conditional uses after review and a public hearing, provided that such conditional uses or structures are in accordance with the purpose and intent of this Chapter and are found not to be hazardous, harmful, offensive, or otherwise adverse to the environment or the value of the area.

(2) APPLICATION. Applications for Conditional Use Permits shall be made in duplicate to the Building Inspector on forms provided by his office. Such applications shall be forwarded to the Plan Commission on receipt by the Building Inspector. Such applications shall include where applicable:

- (a) Names and Addresses of the applicant, owner of the site, architect, professional engineer, contractor, and all opposite and abutting property owners of record.
- (b) Description of Subject Site by lot, block, and recorded subdivision or by metes and bounds; address of the subject site; type of structure; proposed operation or use of the structure or site; number of employees; and the zoning district within which the subject site lies.
- (c) Plat of Survey prepared by a registered land surveyor showing of the information required under sec. 18.02(3), for a Building Permit and existing and proposed landscaping.
- (d) Additional Information as may required by the Plan Commission or other boards, commissions, or officers of the Village.
- (e) Fee Receipt in the amount of fifty dollars (\$50).

(3) REVIEW AND APPROVAL.

(a) The Plan Commission shall review the site; existing and proposed structures and architectural plans; parking areas, driveway locations; highway areas, traffic generation and circulation; drainage, sewerage and water systems; operation; conditions which will effect the maintenance of safe and healthful conditions, prevention and control of water pollution including sedimentation, the location of the site with respect to floodplains and the compatibility of the proposed use with the use of adjacent land.

(b) Upon consideration of the factors listed above, the Plan Commission may require such conditions, in addition to those listed elsewhere in this Chapter, as it deemed necessary in furthering the purpose of this Chapter. Such conditions may include specifications for, without limitation because of specific enumeration: landscaping, type of construction, construction commencement and completion dates, sureties, lighting, fencing, operational control, hours of operation, traffic circulation, deed restrictions, access restrictions, increased setbacks and yards, type of shore cover, specified sewage disposal and water supply systems, planting screens, piers and dock, signs, or any other requirement necessary to fulfill purpose and intent of this Chapter. Violation of any of these conditions shall be deemed a violation of this Chapter.

(4) PLANS.

(a) In order to secure information upon which to base its determination, the Plan Commission may require the applicant to furnish, in addition to the information required for a building permit, the following information:

1. A plan of the area showing contours, soil types, high water mark, ground water conditions, bedrock, slope and vegetation cover;
2. location of buildings, parking areas, traffic access, driveways, walkways, open spaces, landscaping, lighting;
3. plans for buildings sewage disposal facilities, water supply systems, and arrangements of operations;
4. specifications for areas of proposed filling, grading, lagooning or dredging;
5. other pertinent information necessary to determine if the proposed use meets the requirements of this Chapter.

(b) The Plan Commission in evaluating each application, any request assistance from other local, county, state or federal agencies.

(5) PUBLIC HEARINGS. Public Hearings on applications shall be held within one (1) month by the Plan Commission. There shall be a published Class One (1) notice as provided in Chapter 985 of the Wisconsin Statutes. The Village Clerk shall notify all abutting or opposite property owners, as listed by the applicant in the original application, of the time, date, and subject matter of the hearing. Failure to comply with this provision shall not, however, invalidate any previous or subsequent action on the application.

(6) COMPLIANCE. Compliance with all other provisions of this Chapter, such as lot width and area, yards, height, parking, loading, traffic, highway access, and performance standards, shall be required of all conditional uses except as modified by this section. Variances shall only be granted as provided in §18.18.

(7) PERMITS. No permit shall be granted where the proposed use is deemed to be inconsistent or conflicting with neighboring uses for reasons of smoke, dust, odors, noise, vibration, lighting, health hazards, or possibility of accident.

(8) CONDITIONS FOR SELECTED CONDITIONAL USES.

(a) "Planned Unit Development" (PUD) are permitted as conditional uses in all zoning districts except the Conservancy District. PUD is intended to permit the development of planned developments containing not less than ten (10) contiguous acres under one ownership or control.

(b) Within such planned communities, the location of all residential, commercial, industrial and governmental uses, school sites, parks, playgrounds, recreation areas, parking areas and other open spaces shall be controlled in such a manner as to permit a variety of housing accommodations and land uses in orderly relationship to one another.

(c) The procedure for obtaining a permit for the development of a PUD shall be as outlined in sec. 18.18 of this Chapter, except that the following requirements shall also apply:

1. The applicant shall provide proof that the site under consideration contains a minimum land area of not less than ten (10) acres under one ownership or control. Additional land area may be added to an existing PUD if it is adjacent or forms a logical addition to an existing PUD. The procedure for an addition shall be the same as if an original application were filed, and all of the requirements of this article shall apply except the minimum acreage requirement of ten (10) acres.

2. The applicant shall furnish with his application for a Conditional Use Permit fifteen (15) copies of a preliminary plan, prepared or certified by a surveyor or engineer showing the proposed general layout, the general location of the various types of land uses, the proposed densities of population in residential areas, a major thoroughfare plan, a public utility plan if public utilities are proposed or required, a storm drainage plan and a plan showing the location of recreation spaces, parks, schools and other public or community uses.

3. Following approval by the Plan commission and Village Board of a preliminary plan, the applicant shall furnish fifteen (15) copies of a final plan of any section of not less than four (4) acres of the land shown on the preliminary plan, prepared or certified by a surveyor or engineer duly authorized by the state to practice as such, showing the layout of all major and local thoroughfares and local streets, the location of all buildings, parking areas, pedestrian ways, utility easements, lot lines, open spaces, parks, recreating areas, school sites, playgrounds, the proposed use of all buildings and the metes and bounds of all dedicated areas and lots. The applicant shall also furnish a proposed deed of dedication including restrictions safeguarding the use of open spaces and preventing encroachment upon open spaces between buildings. The applicant shall furnish a deed, or deeds, to land determined by the village to be needed for public elementary and intermediate school purposes. When the final plan and deed of dedication shall have been approved by the Plan commission and Village Board as being in conformity with this section and with any changes or requirements of the Plan commission and Village Board on the preliminary plan, it shall be approved for recordation and recorded. Thereafter, no modification may be made in any final plan except by an amended final plan submitted as provided for the original plan.

(d) In granting a permit for the development of a PUD the Plan Commission and Village Board shall make the following determinations:

1. That the overall population density shown on the PUD plan for residential and associated industrial and Commercial uses shall not exceed an average density of eleven (11) persons per acre. In computing population density, a factor of 3.7 persons shall be used per one family dwelling, 3.0 persons per garden-type apartment unit or town house and 1.5 persons per high rise apartment unit.

2. That a maximum of three (3) residential density areas are shown on the PUD plan. Such density areas shall be designated low, medium and high.

a. The population density within a low density area shall not exceed 3.8 persons per acre of gross residential area.

b. The population density within a medium density area shall not exceed fourteen (14) persons per acre of gross residential area.

c. The population density within a high density area shall not exceed sixty (60) persons per acre of gross residential area.

3. That in computing average density on any final plan of apart of a PUD, which at the time of its creation was under one ownership or control, any excess in lard area over that required to support an average density of thirteen (13) persons per acre of gross residential area in any final plan previously recorded may be included. In other words, as each successive final plan is submitted, the overall density of all areas shown on recorded final plans within the proposed PUD as approved by the Plan Commission and Village Board shall be recomputed so that the average population density of the developed areas within the recorded sections of the PUD shall never at any time in the history of the development exceed a density of thirteen (13) persons per acre.

4. That the uses shall be as shown on the preliminary plans.

5. That the location of all structures and designated building envelopes shall be as shown on final plans. Building envelopes must be protected by adequate covenants running with the land, conveyances, or dedications.

6. The proposed location and arrangement of structures shall not be detrimental to existing or prospective adjacent dwellings or to the existing or prospective development of the neighborhood. Open spaces between structures shall be protected where necessary by adequate covenants running with the land, conveyances or dedications. There shall be no minimum lot size, no minimum setback lines, no maximum percentage of lot coverage and no minimum lot width in the PUD. However, every single family dwelling shall have access to a public street, court, walkway or other area dedicated to public use and no single family dwelling (except a town house or semidetached dwelling) and no addition to any single family dwelling shall be erected within a distance of less than 16 feet from any other single family dwelling.

7. That the owner has bonded himself and his contractors to make the required improvements within a reasonable length of time.

(e) **Mobile Home Parks.** In granting a permit for the development or improvement of a mobile home park the Plan Commission shall make the following determinations:

Chapter 18

ZONING CODE 18.12(8)(e)35.

1. The minimum size of a mobile home park shall be ten (10) acres.
2. The maximum number of mobile homes per acre shall be ten (10).
3. Minimum dimensions of a mobile home lot shall be fifty (50) feet wide by eighty-five (85) feet long.
4. The spaces shall face of abut on a driveway of not less than thirty (30) feet in width giving easy access from all units to a public street.
5. All drives, parking areas and walkways shall be paved.
6. There shall be a minimum yard setback of forty (40) feet at all lot lines of the mobile home park.
7. There shall be a minimum of two (2) surfaced automobile parking spaces for each mobile home space.
8. No mobile home site shall be rented for a period of less than thirty (30) days.
9. The Plan commission may require a plan of the proposed park showing , without limitation because of enumeration, proposed layout of sites, roads, utilities, screening, signs, lighting and recreation areas.
10. These development requirements shall apply except where the provisions of Chapter H77 of the Wisconsin Administrative Code, or as amended, are greater and/or more restrictive.

Note: See also Ch. 16, This Code.

(f) Trailer Courts And Campgrounds. In granting a permit for the development of improvement of a trailer court or campgrounds the Plan Commission shall make the following determinations:

1. The minimum size of a travel trailer park or campground shall be five (5) acres.
2. The maximum number of travel trailers or campsites shall be fifteen (15) per acre.

3. Minimum dimensions of a travel trailer site or campsite shall be twenty-five (25) feet wide by forty (40) feet long.

4. Each travel trailer site or campsite should be separated from other travel trailer spaces or camp spaces by a yard not less than fifteen (15) feet wide.

5. There shall be a minimum yard setback of forty (40) feet from all exterior lot lines of the travel trailer park or campground.

6. It shall conform to the requirement of Chapter H78 Wisconsin Administrative Code which shall apply until amended and then apply as amended.

7. The screening provisions for mobile home parks are met.

Note: This paragraph was §18.12.080(F), "Trailer courts and campgrounds." It is re-titled during recodification to more accurately describe its provisions. See also Ch. 16, this code.

(g) Non-Farm Residential Uses In Agricultural District. In granting a Conditional Use Permit for non-farm residential uses in the Agricultural District, the Plan commission shall make the following determinations:

1.' That the proposed residential uses will not adversely affect agricultural operations in surrounding areas or be so situated that future inhabitants of such residences might be adversely affected by agricultural operations in surrounding areas;

2. That the site(s) of the proposed residential uses are not well suited for agricultural use by virtue of wooded areas, topography, shape of parcel, soil characteristics, and similar factors;

3. That the site(s) proposed for residential use is particularly well suited for such use as indicated by rolling topography, wooded areas, soil types, vistas, proximity to lakes or streams or other similar factors, proximity to school bus routes, traffic access and egress, established transportation routes, and adequacy of area schools to accommodate increased enrollment that might result from such development.

(h) Mineral Extraction (Quarrying). Applications requesting Plan Commission approval of a proposed quarrying activity shall be accompanied by:

1. A description of all phases of the contemplated operation including types of machinery and equipment which will or might be necessary to carry on the operation.

18.12(8)(h)37.

Where the operation is to include sand and gravel washing, the estimated daily quantity of water required, its source and its disposition shall be identified.

2. A legal description of the proposed site.
3. A topographic map at a minimum contour interval of (5 feet) of the proposed site and the area extending beyond the site to a minimum distance of 300 feet on all sides.
4. A restoration plan as hereinafter required.
5. Consideration of compatibility: in reviewing a proposal for a quarrying activity, the Plan Commission shall take into consideration:
 - a. The effect of the proposed operation on drainage and water supply, particularly in connection with sand and gravel washing.
 - b. The possibility of soil erosion as a result of the proposed operation.
 - c. The most suitable land use for the area, and its effect on the land use in adjacent areas.
6. **Restoration Plan and Financial Guarantee Required.** No grant to carry on a quarrying operation shall be given until the Plan Commission approves a restoration plan and the owner agrees to restore the quarried areas to a condition of practical usefulness and reasonable physical attractiveness as provided in the conditional use permit or within 6 months after the quarrying operations have ceased. The owner shall provide sufficient financial guarantee to secure the performance of the restoration agreement. The agreement and financial guarantee shall be in a form approved by the Village attorney.
7. **Conditions for Approval.** The plan commission may set forth conditions regarding appropriate setback and other dimensional requirements, particularly with reference to avoiding a nuisance effect on surrounding residential uses. Suitable fencing and landscaping may be required.
8. **Duration of Conditional Grant.** The initial grant to carry on a quarrying operation shall not be effective for more than five years. Authorization may be extended for three additional years, subject to conditions specified by the Plan Commission.

Note: Sec. 18.12 is amended, recreated and renumbered from Village ordinance Chapters 18.12 §§18.12.010 through 18.12.080 and 14 November 1990 Ordinance Amendment to §18.12.020.

E. PARKING PAD. Parking Pad is an improved surface area of gravel or paved area upon a property located continuously to and adjacent to an improved surface driveway intended for parking/storage of a motor vehicle, trailer, recreational vehicle or other items as allowed in this section.

F. VEHICLE OR EQUIPMENT. Vehicle or equipment means and includes any trailer, house trailer, mobile home, motor vehicle, truck, passenger motor vehicle, motor home, recreational vehicle or equipment, camper or coach designated to be mounted on motor vehicles, cabin, case or box for transporting recreational equipment, motorcycle, boat, trailer, farm machinery, personal watercraft, snowmobile, tools or equipment including without limitation a saw mill machine, stump grinder, power lift, skid steer, air compressor, scaffolding, vehicle accessory equipment, snow plow, tank sprayer or other similar equipment, device or structure.

G. PARK. Park means to keep, store or leave a vehicle or equipment in a place outside for longer than twelve (12) consecutive hours.

3. PARKING OF VEHICLES OR EQUIPMENT ON IMPROVED SURFACE ONLY -FRONT AND SIDE YARDS

The parking of any vehicle or equipment within the sec. 18.015(52) front yard, or sec. 18.015(54) side yard shall be on an improved surface driveway or parking pad, located and permitted as provided in this section. The remainder of the of the required front yard setback and side yard setback shall not be considered a permitted parking area and shall be landscaped with vegetation.

4. PARKING IN FRONT YARDS. Parking of vehicles or equipment in front yards as defined in sec. 18.015(52) (with corner lots defined as having two front yards) shall be further regulated as follows:

- A.** All parked motor vehicles which are required to be licensed by the Wisconsin Department of Motor Vehicles if the vehicle is operated upon a roadway, must be currently registered with the Department of Motor Vehicles.
- B.** All parked motor vehicles including motorized recreational vehicles and motorized equipment must in operable condition.
- C.** All vehicles or equipment parked in front yards shall be parked on an improved surface driveway or parking pad, located and permitted as provided in this section.
- D.** All vehicles or equipment parked subject to this section shall be parked in a neat manner so as not to detract from the appearance of the property.
- E.** Vehicles or equipment shall not be parked within or on areas defined to be within a vision triangle.
- F.** No improved surface for parking of vehicles and other items as regulated in this section shall be installed directly in front of the living portion of a residence. Improved surfaces for parking as regulated in this section shall be allowed to be installed adjacent to the side of the driveway away from the living portion of the residence. Such improved parking surfaces must meet a minimum setback of two (2) feet from the side lot line of adjacent property in addition to other existing setback requirements.

5. PARKING IN SIDE YARDS AND REAR YARDS. All vehicles or equipment parked in sec. 18.015(54) side yards or in sec. 18.015(53) rear yards shall be further regulated as follows:

- A.** All vehicles or equipment parked in side yards must be parked on an improved surface. Improved surfaces must meet a minimum setback of two (2) feet from the lot line of adjacent property. (An improved surface is not required for parking in rear yards.)
- B.** All parked vehicles or equipment which are required to be licensed by the Wisconsin Department of Motor Vehicles if the vehicle is operated upon a roadway, must be currently registered with the Department of Motor Vehicles.
- C.** All parked motor vehicles including motorized recreational vehicles and motorized equipment must in operable condition.
- D.** All vehicles or equipment parked in side yards shall be parked on an improved surface driveway or parking pad, located and permitted as provided in this section.
- E.** All vehicles or equipment shall be parked in a neat manner so as not to detract from the appearance of the property.

F. While parking on an improved surface is not required in rear yards, the area of the rear yard utilized for parking of vehicles or equipment shall not exceed a total of 600 square feet of the area of the rear yard.

1. Persons showing a demonstrated need for more than a total of 600 square feet of the area of the rear yard for parking may request a variance from this provision from the Board of Zoning Appeals as stated in section 18.18 of this chapter.

6. PARKING PROHIBITED WITH DRIVEWAY APPROACH. Parking is prohibited within a driveway approach.

7. PERMITTING. From the effective date of this ordinance, all installation of improved surfaces for vehicle or equipment parking or for outdoor storage in residential areas of the Village including replacement (except for minor repairs not exceeding one hundred fifty (150) square feet cumulative) shall require a permit issued by the Village's building inspector. When such installations involve work within the minimum required front yard or minimum required (street) side yard or side yard setback all the work within the minimum required front yard or minimum required (street) side yard shall be limited by and shall be made to comply fully with the provisions of this section, except that existing nonconforming excess improved surfaces may remain until such time as the surface requires replacement, at which time a permit will not be issued for replacement party.

A. Permit fees. Fees for the above required permit shall be the minimum fee established by the Village's building inspector.

8. ENFORCEMENT. This section shall be enforced pursuant to sec. 18.02 of this chapter, by action of the Building Inspector or the Village Marshal.

(3) OFF-STREET PARKING REQUIREMENTS. In all districts except the Central Commercial District and in connections with every use, there shall be provided at the time any use or building is erected, enlarged, extended, or increased off-street parking spaces for all vehicles in accordance with the following:

(a) **Adequate Access.** Adequate access to a public street shall be provided for each parking space, and driveways shall be at least ten (10) feet wide for one and two family dwellings and a minimum of twenty-four (24) feet for all other uses.

(b) **Size.** size of each parking space shall be not less than two hundred (200) square feet exclusive of the space required for ingress and egress.

(c) **Location.** Location to be on the same lot as the principal use or not over four hundred (400) feet from the principal use. No parking space or driveway except in residential districts shall be closer than twenty-five (25) feet to a residential district lot line.

(d) **Control.** In cases where off-street parking facilities are permitted on land other than the same lot as the principal use, such facilities shall be in the same possession as the lot occupied by the use to which the parking facilities are accessory, or in the possession of the controller of the principal use to which the parking facilities are accessory. (Such possession shall be by deed whereby the owner of the land on which the parking facilities are to be

located shall be bound by a covenant filed and recorded in the Office of the Register of Deeds of Dodge County, requiring such owner, his heirs, or assigns to maintain the required facilities for the duration of the use served.)

Chapter 18

ZONING CODE 18.13(41)(e)

(e) **Collective Provision.** Off street parking facilities for separate uses may be provided collectively if the total number of spaces so provided is not less than the sum of the separate requirements for each such use and provided that all regulations governing location of accessory parking spaces in relation to the use served are adhered to.

(f) **Design.** The required number of parking areas shall be graded and surfaced so as to be dust free and properly drained. All parking areas shall be arranged and marked to provide for orderly and safe parking. Curbs and barriers shall be installed to prevent parked vehicles from extending over any lot lines or public ways.

(g) **Maintenance.** The owner of property used for parking shall maintain such area in good condition without holes, and free of dust, trash, and other debris.

(h) **Lighting.** Any off-street parking area with more than four (4) parking spaces and which is intended to be used during non-daylight hours shall be properly illuminated to avoid accidents. Any lights used to illuminate a parking lot shall be arranged as to reflect the light away from adjoining property.

(4) **NUMBER OF OFF-STREET PARKING SPACES REQUIRED.** For purposes of this Chapter the following off-street parking space requirements shall apply:

(5) GENERAL INTERPRETATIONS. In the interpretation of this section, the following definitions and rules shall apply:

(a) In the case of structures of uses not mentioned the provision for a use which is similar shall apply and shall be determined by the Building Inspector.

(b) Parking spaces for uses not similar to those mentioned in this section shall be determined by the Plan Commission.

(c) Combinations of any of the above uses shall provide for the total of the number of spaces required for each individual use.

(d) Fractional numbers shall be increased to the next whole number.

Note: Sec. 18.13 is amended, recreated and renumbered from Village ordinance Chapter 18.13 §§18.13.010 through 18.13.050.

18.14 FILLING, GRADING AND LAGOONING. (1) PROHIBITION. Filling, grading, lagooning or dredging which would result in substantial detriment to navigable waters by reason of erosion, sedimentation or impairment of fish and aquatic life shall be prohibited.

(2) **FILLING AND GRADING.** A Conditional use permit for filling and grading shall be required in the following instances:

(a) Any proposed grading or filling in a Conservancy Zoning District or of the bed of navigable body of water. Such grading or filling shall be carefully evaluated for its impact in accordance with sec. 18.14(1). The Plan Commission shall evaluate the proposal for conformance with all applicable state and local regulations and may refer the proposal to any state or local government agency for advice and/or technical assistance.

(b) Any proposed grading or filling of any area not within a floodplain as designated by the Flood Plain Chapter and which is within three hundred (300) feet horizontal distance of the high water mark of a navigable body of water and which has surface drainage toward the water and on which there is:

1. Filling of more than five hundred (500) square feet of any wetland which is contiguous to the water.

2. Filling or grading on slopes of twenty (20) percent or more.

3. Filling or grading of more than one thousand (1,000) square feet on slopes of twelve to twenty (12- 20) percent.

4. Filling or grading of more than two thousand (2,000) square feet on slopes of twelve (12) percent or less.

(c) Any proposed grading or filling of an area of more than two thousand (2,000) square feet that would create or alter slopes of ten (10) percent or more.

(3) **LAGOONING AND DREDGING.** (a) A Conditional use permit shall be required before constructing, dredging or commencing work on any artificial waterway, canal, ditch, lagoon, pond, lake or similar waterway which is within three hundred (300) feet of the high water mark of a navigable body of water or where the purpose is ultimate connection with a navigable body of water. This requirement does not apply to soil conservation practices such as terraces, runoff diversions and grassed waterways which are used for sediment retardation.

(b) The Plan commission shall evaluate each application and may request expert assistance from state, federal and local agencies.

(4) **CONDITIONS ATTACHED TO PERMIT.** In granting a conditional use permit for filling, grading, or lagooning the Plan Commission may attach the following conditions in addition to those specified in sec. 18.12(3) of this Chapter:

(a) That the smallest amount of bare ground to be exposed for the shortest time feasible.

(b) Temporary ground cover such as mulch be used and permanent cover such as sod be planted.

(c) Diversions, silting basins, terraces and other methods to trap sediment be used.

(d) Lagooning be conducted in such a manner as to avoid creation of fish trap conditions.

(e) Fill is stabilized according to accepted engineering standards.

(f) That fill will not restrict a floodway or destroy the storage capacity of a floodplain.

(g) Sides of a channel or artificial water course be stabilized to prevent slumping.

(h) Sides of channels or artificial water course be constructed with slopes of two (2) horizontal to one (1) vertical or flatter, unless vertical bulkheads or rip rapping are provided.

(5) **STATE AGENCY PERMITS.** Any state agency permits shall be required as applicable and the granting of a conditional use permit by the Plan Commission shall not be regarded as necessarily satisfying state and/or local permit requirements.

Note: Sec. 18.14 is amended, recreated and renumbered from Village ordinance Chapter 18.14 §§18.14.010 through 18.04.050.

18.15 MODIFICATIONS. (1) HEIGHT. The district height limitations stipulated elsewhere in this Chapter may be exceeded, but such modification shall be in accord with the following:

(a) **Architectural Projections.** Architectural projections such as spires, belfries, parapet walls, cupolas, domes, flues and chimneys, are exempt from the height limitations of this Chapter.

(b) **Special Structures.** Special structures such as elevator penthouses, gas tanks, grand elevators, scenery lofts, radio and television receiving antennas, manufacturing equipment and necessary mechanical appurtenances, cooling towers, fire towers, substations, smoke stacks and flag poles are exempt from the highest limitations of this Chapter.

(c) **Essential Services.** Essential services utilities, water towers, electric power and communication transmission lines are exempt from the height limitations of this Chapter.

(d) **Communication Structures.** Communication structures such as radio and television transmission and relay towers, aerials and observation towers, shall not exceed in height three (3) times their distance from the nearest lot line.

(e) **Agricultural Structures.** Agricultural structures such as barns, silos, and windmills, shall not exceed in height twice their distance from the nearest lot line.

(f) **Public or Semi-Public Facilities.** Public or semi-public facilities such as schools, churches, hospitals, monuments, sanitariums, libraries, governmental offices and stations, may be erected to a height of sixty (60) feet, provided all required yards are increased not less than one (1) foot for each foot the structure exceeds the district's maximum height requirement.

(2) **YARDS.** The yard requirements stipulated elsewhere in this Chapter may be modified as follows:

(a) **Uncovered Stairs, Landings and Fire Escapes.** Uncovered stairs, landings and fire escapes may project into any yard but not to exceed Six (6) feet and not closer than three (3) feet to any lot line.

(b) **Architectural Projections.** Architectural projections such as chimneys, flues, sills, eaves, belt courses and ornaments may project into any required yard; but such projection shall not exceed two (2) feet.

Ord. Regulating Fences And Hedges. (Renum. and recr. fr. §18.15.020(C), as amended by No. 2002-4, as amended)

ORDINANCE NO. 2002-4

VILLAGE OF BROWNSVILLE, DODGE COUNTY, WISCONSIN, OCTOBER, 2002.

AN ORDINANCE REGULATING FENCES AND HEDGES

WHEREAS, The Village Board of the Village of Brownsville, Dodge County, Wisconsin, finds that the public health, safety and general welfare of the village calls for an updated ordinance regulating fences and hedges;

NOW, THEREFORE, the Village Board of the Village of Brownsville do ordain as follows:

I: Ordinance No. 1995-1 (an ordinance regulating fences and hedges) is hereby repealed. In addition, Ordinance No. 2000-1 (an ordinance amending Ordinance No. 1995-1 re fences and hedges) is also repealed, and in place of these repealed ordinances the Village Board does hereby enact the new ordinance as provided herein.

II: Section 18.15.020 YARDS (C) RESIDENTIAL FENCES is amended to read as follows:

(C) Residential Fences are permitted subject to the following:

(1) No person, firm or corporation shall after the effective dates of this ordinance, erect or construct any fence on any premises in the Village of Brownsville which shall exceed:

Four (4) feet in height from ground level, as to rear yard and side yard fences;

Four (4) feet in height from ground level, as to front yard fences;

Location: The fence is permissible only if no part of the fence is closer to the street than the front wall of the house or garage structure (excluding porches).

No fence shall be erected or constructed on any premises in the Village of Brownsville without first obtaining a permit therefor from the Village of Brownsville Building Inspector. Plot plans shall be submitted at the time of application for the permit and any changes shall be reported to the Village Building Inspector. The fee for such permit shall be the same as for a regular building permit. A sketch of design of the proposed fence accompanying the application for such permit shall be submitted for approval to the Building Inspector before construction shall begin. The Building Inspector shall furnish the necessary forms to applicants for fence permits.

(2) The following regulations will govern the construction of the proposed fence:

- (a) Wire fences are to be of chain-link construction or other types of wire as approved by the Plan Commission. A top rail bar is required on all chain-link fencing;
- (b) If wood fences are used:
 - 1. Redwood shall be preferred for durability;
 - 2. Woods other than redwood may be used, provided that they are suitably maintained or painted;
- (c) No barbed wire, razor wire, concertina, or electric fence shall be permitted.
- (d) The finished side of the fence shall face out from the lot which is being fenced, excepting in those cases where the outside face of the fence is shielded by hedge or other growth obstruction visibility of it, and shall be built entirely on the builder's lot.
- (e) Fences for swimming pools shall conform to Section 18.15.030 of the Brownsville Municipal Code.
- (f) Fencing must be constructed with the open cut of fence mesh down to the ground.
- (g) Fences may not be constructed where covenants, conditions and restrictions prohibit chain-link fencing.
- (h) Slats are not allowed.

(3) No fence or hedge shall interfere with the free access and use of any utility easement.

(4) No fence, hedge, or other obstruction shall exist closer than:

Five (5) feet from the rear lot line where alleys exist; otherwise, two (2) feet from the lot line.

(5) Notwithstanding anything in this Section 18.15.020(C) to the contrary, on any corner lot where a front or side yard is required or provided, no fence, hedge, or other obstruction more than three and one-half (3½) feet in height measured from the established grade

of the street shall be placed so as to interfere with clear vision from one street to the other across the corner.

- (6) Any fence which exists at the time of the passage of this ordinance, but does not conform to the provisions thereof, shall not be altered or enlarged without making the entire fence conform with the provisions of this section.
- (7) A gate opening for utility and emergency personnel shall be provided where no other reasonable access is provided and where so required by the Village for other authorized personnel of the Village.
- (8) Appeals. Upon appeal to the Village Board, an aggrieved property owner can receive a variance to the terms of these regulations herein, in order to avoid unreasonable or impracticable application of the strict interpretation of the law due to unique characteristics of the site.

III: This ordinance was passed after consideration by the Plan Commission and after a public hearing as provided by law.

IV: Should any portion of this ordinance be held invalid for any reason, such holding shall not be construed as affecting the validity of any of the remaining portions of this ordinance.

V: All ordinances or parts of ordinances in conflict herewith, except as herein provided, are hereby repealed only to the extent necessary to give this ordinance full force and effect.

VI: This ordinance shall take effect from and after passage and publication.

Passed by the Village Board of the Village of Brownsville this 9th day of October, 2002.

Harold Johnson
President of Village Board

Attest:

Carolyn Lerch, Village Clerk

(3) **SWIMMING POOLS.** (a) **Permit Required.** No swimming pools shall hereafter be located, erected, moved, reconstructed, extended, enlarged, converted or structurally altered without a building permit and without being in conformity with the provisions of this Chapter.

(b) **Fencing required.** Every person who owns, operates, uses, has custody or control of, or has the right to use any swimming pool located in the Village shall erect and maintain a fence or barriers around such swimming pool to prevent children from falling into such swimming pool subject to the following specifications:

1. Permanent pools shall be completely isolated from adjoining properties by a 50 inch high fence which must be constructed and maintained in good state of repair and appearance;

2. Above ground pools must have pool side walls or fencing completely surrounding it or a combination thereof which total a minimum of 40 inches in height above grade;

3. Portable pools over one foot in depth must be drained, fenced, or covered in such a manner as to provide public safety after each day's use.

(c) **Location of Satellite TV Dish.** No swimming pool shall be erected to the front or side of the residence of the owner or occupant of the premises connected

(7) **EXISTING SIGNS.** Signs lawfully existing at the time of the adoption or amendment of this Chapter may be continued although the use, size, or location does not conform with the provisions of this Chapter. However, it shall be deemed a nonconforming use or structure, and, the provisions of § 18.17 shall apply.

Note: Sec. 18.16 is amended, recreated and renumbered from Village ordinance Chapter 18.16 §§18.16:010 through 18.16.070.

18.17 NONCONFORMING USES, STRUCTURES, AND LOTS. (1) **EXISTING NONCONFORMING USES.** (a) The lawful nonconforming use of a structure, land or water existing at the time of the adoption or amendment of this section may be continued although the use does not conform with the provisions of this section, however, only that portion of the land in actual use may be so continued and the structure may not be extended, enlarged, reconstructed, substituted, moved, or structurally altered except when required to do so by law or order or so as to comply with the provisions of this section.

(b) Total Lifetime Structural Repairs or alterations, shall not exceed fifty (50) percent of the Village's assessed value of the structure at the time of its becoming a non-conforming use unless it is permanently changed to conform to the use provisions of this section.

(c) Substitution of New Equipment may be permitted by the Board of Appeals if such equipment will reduce the incompatibility of the nonconforming use with the neighboring uses.

(2) **ABOLISHMENT OR REPLACEMENT.** (a) If such nonconforming use is discontinued or terminated for a period of twelve (12) months, any future use of the

structure, land, or water shall conform to the provisions of this section. When a nonconforming use or structure is damaged by fire, explosion, flood, public enemy or other calamity to the extent of more than fifty (50) percent of its current assessed value, it shall not be restored except so as to comply with the use provisions of the section.

(b) A current file of all nonconforming uses shall be maintained by the Building Inspector listing the following: owner's name and address; use of the structure, land, or water, and the assessed value at the time of its becoming a nonconforming use.

(3) **EXISTING NONCONFORMING STRUCTURES.** (a) The lawful nonconforming structure existing at the time of the adoption or amendment of this Section may be continued although its size or location does not conform with the lot width, lot area, yard, height, setback, parking and loading, and access provisions of this Section.

(b) Additions and enlargements to existing nonconforming structures are permitted and shall conform with the required building setback lines along streets, water, and highways, and the yard, height, parking, loading and access provisions of this Section. Existing nonconforming structures may be moved or may be reconstructed if damaged or destroyed by fire, explosion, flood or other calamity; and shall conform with the required building setback lines along streets and highways, and the yard, height, parking, loading and access provisions of this section with this Section. The provisions of this section with respect to additions or enlargements, reconstruction, and moving are applicable only if the lot or parcel conforms with the existing sanitary code requirements or is serviced by public sanitary sewer.

(4) **CHANGES.** Once a nonconforming use or structure has been changed to conform, it shall not revert back to a non-conforming use or structure.

(5) **SUBSTANDARD LOTS.** A lot which does not contain sufficient area to conform to the dimensional requirements of this Section may be used as a building site for a single family dwelling upon issuance of a building permit subject to the following conditions:

(a) Such use is permitted in the Zoning District.

(b) The lot is on record in the County Register of Deeds Office prior to the effective date of this Section.

(c) The lot is in separate ownership from abutting lands. If abutting lands and the substandard lot are owned by the same owner, the substandard lot shall not be sold or used without full compliance with the terms of this Section.

(d) All the dimensional requirements of this Section be complied with insofar as practical.

(e) The sanitary provisions of the County Sanitary Chapter shall apply to those lots not served by public sewer.

Note: Sec. 18.17 is amended, recreated and renumbered from Village ordinance Chapter 18.17 §§18.17.010 through 18.17.050.

18.18 BOARD OF ZONING APPEALS. (1) ESTABLISHMENT. There is hereby established a Board of Zoning Appeals for the Village of Brownsville. The Board of Zoning Appeals shall consist of 5 members appointed by the Village President and confirmed by the Village Board.

(a) **Terms:** Terms shall be for three (3) years, except that of those fast appointed, one (1) shall serve one (1) year, two (2) for two (2) years and two (2) for three (3) years.

(b) **Chairman:** Chairman shall be designated by the Village President.

(c) **Alternate:** An alternate member may be appointed by the Village President for a term of three (3) years and shall act only when a regular member is absent or refuses to vote because of interest.

(d) **Secretary :** Secretary shall be as designated by the Village Board.

(e) **Vacancies:** Vacancies shall be filled for the unexpired term in the same manner as appointment for a full term.

(2) **ORGANIZATION.** The Board of Zoning Appeals shall organize and adopt rules of procedure in conformance to §62.23(7)(e)l. Through 15., Wis. Stats.

(3) **POWERS.** The Board of Zoning Appeals shall have the powers as expressed in §62.23(7)(e)1. Through 15., Wis. Stats., except that conditional uses (special exceptions) shall be acted upon by the Plan Commission. Use variances shall not be granted.

(4) **APPEALS AND APPLICATIONS.** Appeals from the decision of the Building Inspector concerning the literal enforcement of this Section may be made by any person aggrieved or by any officer, department, board, or bureau of the Village. Such appeals shall be filed with the secretary within thirty (30) days after the date of written notice of the decision or order of the Building Inspector. Applications may be made by the owner or lessee of the structure, land, or water to be affected at any time and shall be filed with the secretary. Such appeals and application shall include the following:

(a) **Name and Address.** Name and address of the appellant or applicant and all abutting and opposite property owners of record.

(b) **Information.** All information required for a building permit.

(c) **Additional Information.** Additional information required by the Plan Commission, Board of Zoning Appeals or Building Inspector.

(d) **Fee Receipt.** Fee receipt in the amount of \$75.00.

Note: The Zoning provisions as printed omitted provisions specific to "Appeals and Applications." Recodification corrects this by including such provisions.

(5) **HEARINGS.** The Board of Zoning Appeals shall fix a reasonable time and place for the hearing, give public notice thereof at least 10 days prior and shall give due notice to the parties in interest, the Building Inspector and the Plan Commission. At the hearing the appellant or applicant may appear in person, by agent or by attorney.

(6) **FINDINGS.** No variance to the provisions of this Chapter shall be granted by the Board unless it finds beyond a reasonable doubt that all the following facts and conditions exist and so indicate in the minutes of its proceedings:

(a) **Exceptional circumstances:** There must be exceptional, extraordinary or unusual circumstances or conditions applying to the lot or parcel, structure, use or intended use that do not apply generally to other properties or uses in the same district and the granting of the variance would not be of so general or recurrent nature as to suggest that the Zoning Section should be changed.

(b) **Preservation of Property Rights:** That such variance is necessary for the preservation and enjoyment of substantial property rights possessed by other properties in the same district and same vicinity.

(c) **Absence of Detriment:** That the variance will not create substantial detriment to adjacent property and will not materially impair or be contrary to the purpose and spirit of this Section on the public interest.

Note: Subsections (5) and (6) are included here as a correction to Ch. 18.18 as printed. Although the Ch. 18.18 index includes titles for sections ".050 Hearings" and ".060 Findings" the language for these provisions was omitted from the printed version submitted for recodification.

(7) **DECISION.** The Board of Zoning Appeals shall decide all appeals and applications within thirty (30) days after the final hearing and shall transmit a signed copy of the Board's decision to the appellant or applicant, Building Inspector and Plan Commission.

(a) **Conditions:** Conditions may be placed upon any zoning permit ordered or authorized by this Board.

(b) **Variances:** Variances or permits granted by the Board shall expire within six (6) months unless substantial work has commenced pursuant to such grant.

(8) **REVIEW BY COURT OF RECORD.** Any person or persons aggrieved by any decision of the Board of Zoning Appeals may present to the court of record a petition duly verified setting forth that such decision is illegal and specifying the grounds of the illegality. Such petition shall be presented to the court within thirty (30) days after the filing of the decision in the office of the Board of Zoning Appeals.

Note: Sec. 18.18 is amended, recreated and renumbered from Village ordinance Chapter 18.18 §§18.18.010 through 18.04.080, with language for §§18.18.050 and 18.18.060 having been omitted from the printed copy used for recodification.

18.19 CHANGES AND AMENDMENTS. (1) **AUTHORITY.** Whenever the public necessity, convenience, general welfare or good zoning practice require, the village Board may, by Chapter, change the district boundaries or amend, change or supplement the regulations established by this Chapter or amendments thereto. Such change or amendment shall be subject to the review and recommendation of the Village Plan Commission.

(2) **INITIATION.** A change or amendment may be initiated by the Village Board, Village Plan Commission, or by a petition of one or more of the owners or lessees of property within the area proposed to be changed.

(3) **PETITIONS.** Petitions for any change to the district boundaries or amendments to the regulations shall be filed with the Village Clerk, describe the premises

to be rezoned or the regulations to be amended, list the reasons justifying the petition, specify the proposed use and have attached the following:

(a) **Plot Plan:** Plot plan drawn to a scale of one (1) inch equals one hundred (100) feet, or other scale approved by the Building inspector, showing the area proposed to be rezoned, its location, its dimensions, the location and classification of adjacent zoning districts, and the location and existing use of all properties within two hundred (200) feet of the area proposed to be rezoned.

(b) **Owners:** Owner's names and addresses of all property lying within two hundred (200) feet of the area proposed to be rezoned.

(c) **Additional Information:** Additional information required by the Village Plan Commission or Village Board.

(d) **Fee Receipt:** Fee receipt in the amount of ten dollars (\$10.00).

(4) **RECOMMENDATIONS.** (a) The Plan Commission shall review all proposed changes and amendments within the corporate limits and shall recommend that the petition be granted as requested, modified, or denied.

(b) The recommendation shall be made at a meeting subsequent to the meeting at which the petition is first submitted and shall be made in writing to the Village Board.

(5) **HEARINGS.** The Village Board shall hold a public hearing upon each recommendation, giving at least ten (10) days prior notice of the time, place, and the changes or amendments proposed. The Village Board shall also give at least ten (10) days written notice to the clerk of any municipality within one thousand (1,000) feet of any land to be affected by the proposed change or amendment

(6) **ACTION.** Following such hearing and after careful consideration of the Village Plan Commission's recommendations, the Village Board shall vote on the passage of the proposed change or amendment.

(7) **PROTEST.** In the event of a protest against such district change or amendment to the regulation of this Chapter, duly signed and acknowledged by the owners of twenty (20) percent or more either of the areas of the land included in such proposed change, or by the owners of twenty (20) percent or more of the land immediately adjacent extending one hundred (100) feet therefrom, or by the owners of twenty (20) percent or more of the land directly opposite thereto extending one hundred

(100) feet from the street frontage or such opposite land, such changes or amendments shall not become effective except by the favorable vote of three-fourths (3/4's) of the full Village Board membership.

18.20 ANNEXATIONS. (Created during recodification, 2001-LGRS) (1) **AUTHORITY.** Subject to §66.023(7), Wis. Stats., territory contiguous to the Village may be annexed thereto in accordance with §66.021, Wis. Stats.

(2) **PLAN CONVISSION.** Before completion of annexation procedures, the Village Plan Commission shall evaluate and recommend a permanent district classification to the Village Board. The Village Board shall designate permanent district classifications upon annexation.

(3) **ANNEXATION ORDINANCE(S) INCORPORATED BY REFERENCE.** Any annexation ordinance enacted by the Village Board shall be placed permanently on file in the office of the Village Clerk/Treasurer, and shall be incorporated by reference with the same force and effect as if fully set forth herein.

Note: Section 18.20 incorporates annexation ordinances enacted by the Village Board to be placed on file with the Village Clerk treasurer. This language also incorporates each annexation enacted by the Village Board in to the Zoning code by reference.
